**Chinese Stove**

**Approximate Dimensions:**

**WR Series**

**Item # ____________**

**Optional:**

- NSF
- MEA 499-90E

---

**How to select and design length of a Chinese stove?**

1. Decide number of chambers.
2. Decide each chamber diameter. (chamber Dia. = Wok Dia. - 2"
3. Distance between Chambers is 8", each end of the stove is 5".
4. Then sum up all lengths.

---

**Surface Style**

Built in slop sink with basket at top plate
(Most popular style easy cleaning & handling.)

**Traditional Style**

Water drains into slop sink from gutter
